ScentChips

Keep their scent for at least 5 years.

Available in the Wairarapa only
at Pickwicks – see page 17

Foreword

The 6th edition of the **Taste of Greytown** is an interesting mix of “old and new”.

Our village is becoming the tourist “Mecca” of the Wairarapa providing a total experience for couples, families or groups of like-minded people, whether it be sitting at the White Swan with a glass of wine, cake and coffee at Café Trends, dainty teas at our newest eatery, Vintage Tearooms, weddings in our gardens, “shopping til you drop” or just treating yourselves.

We have wonderful new boutique shops, a gym for the “health nuts”, beauty therapy, a variety of accommodation choices — from sheer luxury to affordable backpackers. A wide range of restaurants and cafes to suit all tastes.

If you are thinking of taking up residence in Greytown, we have all the expertise you need right here to help in your quest for buying, renovating or building that new home. Check out our Services on page 22.

The accommodation tariffs are not generally listed separately. As a guide, prices range from \$70 to \$240 per couple, per night. We advise you discuss this with the hosts when enquiring or making your bookings.

Once again I would like to thank everyone who contributed to my booklet and helped make it a continuing success. I have enormous fun meeting new people and seeing new ventures appearing over the ten years *Taste of Greytown* has been published.
